

Brewery Dilewyns is a family brewery arisen from the passion for beer of founder Vincent Dilewyns and his four daughters.

In 2005 the first Vicaris beers were born. After several successful years, family Dilewyns started their own modern brewery in Dendermonde. Today, father Vincent and his daughter Claire are running the brewery which produces superior authentic beers of high fermentation.

PURE / FAMILY / AUTHENTIC

PURE

All Vicaris beers are brewed 100% naturally with only four ingredients: water, barley malt, hops en yeast. Nothing more, nothing less. You can taste it!

FAMILY

The only beer in the world brewed by a father and his four daughters. A real family business with passion. You can feel it!

AUTHENTIEK

Traditionally brewed with dedication, patiently matured for 14 weeks. Unfiltered and not pasteurised. You can tell!

VISIT US!

Want to discover the brewery? That's possible! We regularly organise guided tours for groups and individuals. You can find all the information on our website.

Like us on  

QUINTO (5°)

Vicarís Quinto is a golden blond beer with a rich aroma, creamy collar and only 5 Vol. % Alc. A tasteful light beer!

TRIPEL (8,5°)

Vicarís Tripel is an elegant balanced soft beer with a fruity touch. The beer is not overtly bitter nor too sweet which makes it accessible for any beer lover.

GENERAAL (8,5°)

Vicarís Generaal is a red brownish beer with a beautifully tainted creamy head. This Generaal has an outspoken character thanks to the use of several hops and roasted malt.

TRIPEL/GUEUZE (7°)

Vicarís Tripel/Gueuze is a venetian blond beer with a complex combination of Vicarís Tripel and Gueuze. The beer gets its fruity and soft characteristics from the Tripel and the fresh and subtle sourness from the Gueuze.

WINTER (10°)

Vicarís Winter is a dark brown beer brewed with 3 types of malt and 2 types of hops. The Winter is the only beer with spices and is ideal to enjoy during cold winter evenings.

Vicarís beers are available at beverage stores, Prik&Tik, Delhaize, Colruyt and Spar.
