

VICARIS / BREWERY DILEWYNS

Brewery Dilewyns is a family brewery arisen from the passion for beer of founder Vincent Dilewyns and his four daughters.

In 2005 the first Vicaris beers were born. After several successful years, family Dilewyns started their own modern brewery in Dendermonde. Today, daughter Claire and her husband Kristof are running the brewery which produces superior authentic beers of high fermentation.

GENERAAL (8,5°)
